

A Greener Regatta

As you might imagine, a huge amount of waste can be generated over a regatta weekend, much of which is not environmentally friendly.

This year at Ironbridge Regatta all the items listed below are biodegradable and can therefore be disposed of responsibly in the general waste bins/bags.

- ~ Paper cups ~
- ~ Paper plates ~
- ~ Food bags ~
- ~ Plastic drinking straws ~
- ~ Wooden cutlery and stirrers ~

Please help us to try to protect the environment further by recycling cans, plastic and glass products in the designated red recycling bins located near the marquee.

Recycle where you see these signs.

Your co-operation is much appreciated.

Ironbridge Rowing Club
